

Help and Support

Where to Start

If you encounter any problems using or setting up the integration, please let us know — we're here to help!

You may want to first search the following:

- The [PostNL Module Documentation](#).

If you need further assistance, please raise a support request (see below). Alternatively, if you feel you have encountered a bug in the integration, or wish to request a feature, please send a support request as well.

Raising a Support Request

Please note that we do not offer support by phone, raise your questions by creating a ticket:
